WYNNUM artist De Gillett's obsession with light and movement will be on show from November 1 as her *Luminous Queensland* exhibit hits the Manly Art Gallery.

The exhibit, which celebrates iconic images of subtropical Queensland, is the art teacher's first solo showcase. It will run from November 1 to 24.

Sharlene Whyte from the Manly Art Gallery said they were excited to host the exhibit.

"The Manly Gallery is delighted to represent De and to host her first solo exhibition in Brisbane," she said.

"De has been a wonderfully bright, colourful and vivacious addition to the gallery with her paintings immediately appealing to locals and interstate art collectors alike.

"The new collection celebrates Queensland with iconic imagery and sumptuous colour flooding the canvases."

Local art enthusiasts will also have the chance to learn from Ms Gillett when she holds a painting demonstration on November 23.

"De's recent television appearance on *Colour in your Life* had the gallery buzzing, with additional paintings required to fill demand," Ms Whyte said.

The exhibition opens November 1, 6pm, at the Manly Art Gallery at 11 Cambridge Pde. Call 3612 9242 or visit manlygallery.com.au.
